- Flak positions are being repaired and new ones are being constructed in Slemen. According to the city regulation No. V of 26 July 1947, all house and district committees are instructed not to remove the existing air defense establishments. The existing basement air raid shelters must be repaired and, where possible, enlarged. Courses for "civil defense" have been started again. Pamphlets concerning the effects of the atom bomb are being distributed to the population. Telephone communication is controlled. Nightly police raids take place in Kustosija, Sjenjevac, and Samobor.
